EDUCATION

UNIVERSITY OF HAVANA
BS in Computer Science
September 2020 | Havana, Cuba

IPVCE: VLADIMIR ILICH LENIN
Grad. 2012 | Havana, Cuba

COURSEWORK

UNDERGRADUATE
Algorithms Design & Analysis
Analytic Geometry
Artificial Intelligence
Compilers
Computer Networks
Computers Architecture
Concurrent Programming
Data Structures & algorithms
Databases
Discrete Mathematics
Distributed Systems
Information Retrieval
Information Systems
Investigation Methodology
Operating Systems
Optimization Models
Probability
Programming Languages
Ruby on Rails
Simulation
Statistics
Text Mining

SKILLS

PROGRAMMING
Languages
Python • Ruby • R • Shell • LATEX
C# • C++ • C • MySQL • Assembly
HTML-CSS-JavaScript • Markdown
Prolog • Haskell • PHP

Tools
Git • Docker • Gephi • ANTLR4
Mendeley • Microsoft-Project
Visual-Studio • Visual-Studio-Code
Sublime-Text-3

Operating Systems
Windows • Linux • Android

LANGUAGES
Spanish (Native),
English (Advance),
French (Beginner)

ABOUT ME

Hello, my name is **Jose Luis** and I'm 26 y. o. **Computer Scientist**. This means that I enjoy learning, **coding**, solving puzzles, fixing problems and designing **SOLID** solutions that satisfies the client needs. I'm a **perfectionist** and always find a way to improve a product. I'm also a big fan of **open-sourcing**.

TEAM WORK

I feel that **helping others** is a well rewarding duty. I find myself to be more efficient if working on a team of people **as enthusiastic as I**. I believe that **growing as a team** is more rewarding and eventually more efficient.

INTERESTS

Data Science
Machine Learning
Artificial Intelligence
Statistics
Natural Language Processing
Computer Linguistics
Web Development
Software Development
Simulations

ASPIRATIONS

Learn more and more everyday
Been able to **support** my **parents** and **loved ones**
Have a **decent** quality of **life**
Make contributions to **society**
Make contributions to the **community**
Make contributions to **science**

EXPERIENCE

ONEI | Full-Stack developer + Software Engineering
Expected November 2020 – today | Havana, Cuba

PROJECTS

DDOC | Distributed multi-user document editor
2018| Havana, Cuba

WIKILINKER | Entity Recognizer + Entity Linker
2018| Havana, Cuba

SCRAPITALL | Distributed news scrapper + Information-Retrieval System
2019| Havana, Cuba

CONESTILO | Writing style analyser + Authorship Verification tool
2020| Havana, Cuba
